IPTV Screen Saver- Article no. 9020

Self-Service Support Alert: this article is available for customer self-service on help.astound.com

Introduction

By default the IPTV box is set up with a **screen saver**. This activates during a **period of inactivity** between the IPTV box and the remote. You can change how this screen saver performs using the following steps.

(Please be aware there are rare occasions when the IPTV box may turn on by itself)

Resolution Steps

1. **TiVo Home |** left to **MENU | Device Settings | Device Preferences | Screen Saver**

(see steps)

1. From there you can make the following choices:

    - **Screen Saver**
        - Turn screen saver off
        - Backdrop (landscapes and scenery; default setting)
        - Colors
    - **When to start** (after inactivity with remote)
        - 5 minutes
        - 15 minutes
        - 30 minutes
        - 1 hour (default setting)
        - 2 hours
    - **Put device to sleep** (Standby)*
        - 30 minutes
        - 1 hour
        - 3 hours

- 6 hours
- 12 hours
- Never (default setting)

* Not available on older Amino boxes

- **Start Now**
  - Plays screensaver that has been set
