

# IPTV Won't Power On- Article no. 8554

## Resolution Steps

1. Verify the [Serial Number / TSN Number](#)
2. Ensure the **power source of the box is plugged into has power**
3. If the light in front of the box is red, press any button on the remote to wake it up

### 1. **Power cycle** the IPTV box

**Important:** follow [power cycling](#) steps carefully; each box is power cycled differently

2. If the issue persists, click the Create Work Order or Technical Case button on the Work Orders Tab in BOLT
  - Click Create Work Order or Technical Case, fill out the information as described below and click **Submit**
