

# Serial Numbers, MAC Addresses and Equipment Removed in Error Issues- Article no. 1923

## Introduction

---

- **MAC addresses** and **Serial Numbers** are found on each piece of equipment
- They are usually found on the back or bottom of the device, on [what looks like a bar code](#)
- When an **incorrect** MAC address or Serial Number is entered into accounts, it can cause a variety of issues
- Issues can occur when equipment is **removed** from an account in **error**

## Resolution Steps

---

- Submit a **BOLT Case** to the market when:

- A **Mac Address or serial number** is entered **incorrectly** into an account
- A piece of **equipment is removed** from an account, but the **customer has** it in their residence
- Let the customer know the issue will be corrected **by the next day after 9:00am**
