

Balance Equipment on Active Account with Unreturned Equipment Charges Article no. 1931

Introduction

Important:

- Equipment charges on a Pending Reconnect work order are automatically adjusted once the account is reconnected
- Return a customer owned modem if the customer no longer subscribes to BYOM

ICOMS: select **Display Customer Occurrence Configuration** from the **Billing** drop down menu

- Ensure the **equipment in the customer's home** matches the information *before* **balancing** the account to **reverse** the unreturned equipment charges

Resolution Steps

1. **Customer Equipment Maintenance** screen [**BX**]

- A red error message indicates rate codes are missing and the account is not balanced
 - **Highlight** the equipment in question and click **Port Occ Asgn**
2. On the **Equipment Port Maintenance** screen, **highlight** the equipment and click **Swap Ctg / Occ**
 3. On the **Swap Port Service Category / Occurrence** screen, **highlight** the occurrence and click **Swap To**, then click **Exit** to clear the error
 - Equipment **credits** back to the account with **nightly processing**
 4. If these steps did **not** resolve the issue, enter a **BOLT Case** as follows; allow **48 hours** for resolution
