

# Scheduling and Port Out Guidelines-1817

---

---

## Introduction

---

- When a customer moves their phone number (landline or mobile) **to another provider**, this is called a **port out**
  - When **porting** a number to **our company**, it must be an **active, working phone number** with no pending work orders
- **Instructions for Work Order Comments:**
  - **Landline ports:** note the **landline account number** of the customer's current provider
    - **For Vonage and Magic Jack only:** note the **account number** and **PIN**
  - **Mobile ports:** [Porting Out Mobile Services to another Carrier](#)
    - Note the **wireless account number** and **PIN /**

**password** of the customer's current provider

- **Cingular Wireless (AT&T), T-Mobile, Sprint and Verizon Wireless only:** note the **account number** and **6-digit port out PIN**
  - Customer must contact the provider for instructions on how to obtain the PIN
  - To avoid porting delays, advise customer to call us back with 6-digit PIN asap
  - Note: this PIN is different than the 4-digit account PIN / password used for other wireless carriers
- Always note a **valid contact number** for the day of the appointment

## Resolution Steps

---

- **Important - Port Scheduling overrides Deposit Required Schedule**

- **Ported Phone** - follow *Port Out Terms and Scheduling Guidelines* as below
- **Markets with Deposit Required** - [follow Deposit Scheduling](#)

- **Markets with No Deposit Needed** - schedule in **available** quota according to port guidelines
- Do **not make changes** to the work order on the **day of the appointment**; customer may lose dial tone
- All ports must be scheduled according to guidelines below or a later date
- Do **not office only** or **check in a port**; provisioning completes the order when they receive confirmation that port is complete
